

Option 1 - Transformable Table

Transformable Table

- Basic Table - has winged sides that fold
- Hidden casters for easy moving
- Removable top for storage or display of larger items

Table with Framing

- Framing can be attached just on side or side and top
- Framing can hold peg board (shelves & hang bar), or graphics
- Top frame can hold peg board with suspending boots (to look like the boots are 'walking') or a graphic, or be open
- 2 of these fixtures can be set up back to back
- Peg boards can be used against walls with other fixtures
